

Foster Supply List

If you plan to foster kittens, here is the necessary supply list!

- Nutrical (just one tube, can be found on Amazon) or LIGHT Karo Syrup
- Terramycin (also on Amazon) or Erythromycin
- Heating pad
- Shallow litterbox
- Pellet litter (no clumping clay for babies under 10 weeks as they will eat it); Tractor Supply sells “pellet bedding” for \$4.99/40# bag
- Kitten Food (dry & cans) & shallow bowls
- KMR — Kitten Milk Replacer (not Walmart brand)
- KMR Step 2 for weaning babies & learning to eat real food
- Bottles/Nipples (Miracle Nipples are AMAZING)
- Small collars if you are unable to tell who is who!
- Baby scale for weekly weigh-ins
- Kitten thermometer
- Pee pads
- Baby washcloths for wiping eyes, etc
- Large crate (or something to confine) until litter trained
- Original Blue Dawn dish soap for flea baths

Please create a Wishlist on Amazon and call it “Whiskers Animal Rescue Wish List” or something like that, and share with your friends, along with pictures of your litter or past litters! People that know you will be most likely to contribute and are more likely to send items rather than money! You are welcome to share ours as well (on the website), we do have a food pantry for fosters!

If you want to foster and cannot provide these things please let us know.

Adoption fees cover routine vetting that these animals receive, and we rely on donations to cover food & supplies, and we need all the help we can get in soliciting! Please share our page on Facebook, etc!
