

Application Process

- Browse through available animals on our page. Click on photos for bio and more information on each cat and to see location. If you are driving to see a specific cat PLEASE reach out first via email to info@whiskersofohio.org to make sure that cat is still there!
- If you are ready to commit to an adoption (even if you aren't set on WHO, please fill out the application.
- Please fill out the app as accurately and thoroughly as possible. You will receive an automatic confirmation email; if you do not receive this, your app has not been received! You cannot leave blanks on the application; simply put NA if not applicable. Check your spam folder for our responses or reach out if you haven't heard from us within 48 hours.
- Please understand that homes will be chosen based on the home that suits an animal the best, rather than a first come, first serve type of system.
- We do require our young kittens (under 6 months) to be adopted in pairs unless there are other young, friendly cats in the home due to Single Kitten Syndrome. Please research before asking for a single kitten... We do not budge on this unless we feel we have a kitten who would do ok as an only.
- Give us 48 hours to respond before reaching out. We are all volunteers:)
- EMAIL IS THE BEST METHOD TO CONTACT US - please don't reach out using multiple methods (ie text, messenger, etc) it adds so much confusion; and yes, we do have a phone number listed for emergencies (this is a personal cell), we are all volunteers. We do have multiple volunteers with access to the email; responses are typically much faster than calling.
